

CONCLUSION

Applicant has amended the claims of this application so that they are proper, definite, and define novel structure which is also unobvious, and so that they are responsive to the Office Action dated 01/10/2007. Based upon the above, applicant submits that the specification and claims are now in proper form for allowance and that the claims all define patentably over the prior art. Therefore the application is now in condition for allowance which action is respectfully requested.

If for any reason this application is not considered to be in full condition for allowance, applicant respectfully requests the constructive assistance of the Examiner per MPEP2173.02 and 707.07 so that the applicant can place the application in proper order as soon as possible without necessitating further proceedings.

Respectfully submitted;

A handwritten signature consisting of several overlapping loops and a long horizontal line extending to the right.
